Providence, R.I.

Wed Dec 3d, 1868.

My dear Mr Garrison

Will you be present at our Convention on friday the 11th of Dec

I have delayed writing you till I could say some thing of our prospects

They are very good with almost no effort we have over thirty names in the city many of them new persons and largely men

We may be short of speakers but hope that some will come that have not as yet said they would.

If you can not come which I hope will not be the case will you write

None of the Abolitionists
will be here. Our main
dependance is Lucy Stone
and Mr Higginson there
are others who can
speak but your voice
will be of great use
to us in our first
movement here
I hope Mrs Garrison
is better and that
we shall hear favourably
from you. Yours
ever very truly.
